Evaluation Methods

Carbone Fractures and Faulting
Complex Carbonate Reservoirs: Influence of Facies and Tectonic Processes on Porosity Development
Paul Di Cres, Angelo Ricciati, Ornella Canadell, Pietro Pacini
Carbonate and Shale Faulting and Fracturing Field Seminar
Texas, USA
David Ferrill and Ronald McGinnis

Reservoir Characterisation
Advanced Concepts in Carbonate Exploration and Reservoir Characterisation
Paul Wright with G.D. Porta, J. Bahamonde, J.I. Baceta and M.L. Horgue
Northern Spain
Carbonate Reservoir Modelling and Field Development Planning
Torecause, France
Mark Bentley and Richard Ovzado
Carbonate Reservoir Description Based on Core and Well Data (Nottinghamshire, UK)
Trevor Burchette and Paul Wright
Addressing Carbonate Reservoir Description Challenges
Trevor Burchette

Carbone Stratigraphy and Exploration
Workshop in Geological Seismic Interpretation: Carbonate Systems
Gregor Eberli and Gene Rankey
Carbonate Stratigraphy of the Permian Basin (West Texas and SE New Mexico, USA)
Charlie Kerans and Ned Frost
Exploring for Carbonate Reservoirs
Trevor Burchette and Alberto Riva
Carbonate Reservoir Architecture and Applied Carbonate Sequence Stratigraphy
West Texas and SE New Mexico, USA
Steve Bachtel and Art Salier
Carbonate Systems and Facies Architecture: Exploration and Reservoir Implications
Manteca and Marmoles, Spain
Michele Morsilli and tbc

Carbonate Depositional Systems
Carbonate Unconventional Resources
Sedimentology and Stratigraphy of Lacustrine Systems: Reservoir and Source Rocks, Great Salt Lake and Green River Formation
Rick Sarg, Paul Wright and Kazi Tabahino-Mikelevicene
North and Colorado, USA
Carbonate Depositional Systems: Reservoir Sedimentology and Diagenesis
Paul Wright

Modern Carbonates
Improved Models for Exploration and Production Scale Heterogeneity on Isolated Carbonate Platforms: Crooked-Acklins Platform
Southville, Virginia
Gene Rankey
Modern Carbonate Depositional Systems
Texas, Central America
Frank Stoakes

Depositional Systems, Sequence Stratigraphy and Diagenesis of Carbonate Rocks
Dan Bosence

Well Log Sequence Stratigraphy: Applications to Exploration and Production
Jeff May

Fundamental Concepts of Carbonate Depositional Systems and Reservoirs
Dan Bosence

Professional Skills Development
Benchmarking and Best Practice in Carbonate Reservoir Characterisation
Northern Spain
Mark Bentley, Jean-Pierre Masse and Richard Oxlade

March 01 2019
